Step 2.

×3

Slot the 3 sections together according to the same numbers marked.
No screws are required
To prevent movement, place some small,weighted items against the inside of the tree collar wall.

Step 3.

Fit the lighting chain around the inner frame supports, ensuring that the LEDS are close to the window cut-outs.
To avoid damaging the LED light chain do not force the light cable onto the supports.
Take care not to pull or stretch the cable or LEDs.
Do not get the skirt or LED parts wet.
Take care when changing batteries that no tinsel, glitter or other metallic parts fall into the battery case and potentially short the batteries.
Switch off when unattended.
Whilst every care has been taken to remove any burrs or sharp edges from the metal frame some may remain. Please take care when handling.
Supervise young children when around the tree collar.
